## SUBJECT LEADERS' SPECIAL

Toby (our science Subject leader) says... "Work hard in Science and you can become a scientist when you grow up!" Science is: observing, being curious, asking questions, understanding biology, chemistry and physics, respecting the environment, analysing and predicting.

Toby worked hard with Mr Fanshaw observing science throughout the school.

## SPORTS COMMITTEE CELEBRATIONS

Some of our new PE topics this term are...  
Dodge ball, dance, gymnastics, ball skills,  
netball, golf, swimming...

Yr6 mixed football team played a match against Hammond Academy and South Hill. They beat Hammond 9-1. They also beat South Hill 2-1 meaning they will be going to the quarter final!

The girls mixed football team played a match against Bovington and sadly lost 1-0.

The mixed football team went to a tournament run by Watford FC, at the Dome, and did really well as it was a county event. They came second in a tough group. They won 3 matches, drew won and unfortunately lost one. The scores for those games were 1-0, 2-1, 2-0, 1-1 and 0-1. Oscar played his best and Nefeli showed best sportsmanship. Albie was exceptional!

If your children have any sports news, please send it to [sportscommittee@stpauls909.herts.sch.uk](mailto:sportscommittee@stpauls909.herts.sch.uk) and we'll try to include it in the newsletter!
